

## **Special Education Services at Ignite Achievement Academy during virtual learning**

If your child is receiving special education services at Ignite Achievement Academy through his/her IEP they will continue to receive these services during virtual learning. All scholars at Ignite Achievement Academy with IEPs will receive a laptop and headphones issued by the school for their use in attending class via Zoom and completing their assignments in the Schoology app.

Special Education Teachers will be in sessions with your child and will be meeting with them virtually (on the computer) in accordance with their IEP. During these sessions, Special Education Teachers will provide instruction in academics, remediation, and help with behavior. Your child will also receive one on one help as needed, particularly on Wednesdays.

If your child receives Speech/Language Therapy, Occupational Therapy, Physical Therapy, Counseling, or Applied Behavior Analysis (ABA), they will continue to receive these services via therapeutic apps online. We are working to have one day in the building for services if you choose as a parent to have your child come to the building. Please note that there is no transportation provided due to Covid 19 procedures.

Ignite Achievement Academy will continue to hold meetings regarding your scholar virtually or over the phone. All of the service providers that work with your scholar will be present, including their teacher.

If you have any questions, concerns, or comments please do not hesitate to reach out the Special Education team.
